

A Product by XpertNote Analytics LLP

Connect360

Intelligent **WhatsApp** Business Automation Platform

Automate Sales • Marketing • Customer Support • CRM

Businesses Are Losing Customers **Every Day**

Slow Responses

Delayed replies cost you customers — every minute counts.

Scattered Conversations

WhatsApp chats with no centralized system mean missed opportunities.

Manual Follow-Ups

Repetitive tasks drain your team and slow revenue growth.

Low Conversion

Without automation, leads go cold and campaigns underperform.

Customers don't wait. Businesses that **respond faster win.**

One Platform. Complete Customer Journey.

Connect360 unifies every touchpoint — from first message to loyal customer — in a single, intelligent platform.

Connect360 unifies every customer interaction into **one intelligent platform.**

Everything You Need In One Platform
